

SHADI MA'ALI

Palestinian imprisoned without charge or trial

Shadi Ma'ali, a Palestinian refugee imprisoned by Israel without charge or trial, has been on hunger strike since August 20. Held in solitary confinement, denied cold water and fresh air, he is imprisoned under Israel's practice of "administrative detention," along with hundreds of other Palestinians. He is on hunger strike with fellow detainees in the "Battle of Breaking the Chains" - demanding an end to administrative detention and freedom for the detainees.

**END ADMINISTRATIVE DETENTION!
FREEDOM NOW!**
